The annual meeting of the Mechanical and Literary Institute will be held tonight in the institute rooms, Gilmer block, at 8 o'clock.

The checker match between Edmonton and Strathcona players will take place this evening at the Windsor Hotel, Strathcona, at 8:30 o'clock.

One year ago the night before last Ernest Cashe killed I. R. Belt, at Haynes Creek, east of Lacombe. This is the offence for which he has been sentenced to be hanged on December 15th.

Several Edmonton checker players go to Strathcona this evening to play a friendly game with the club there. They do this in accepting Strathcona's challenge, although they have had no practice this year.

At the police barracks yesterday, Mr. Perry was committed for trial on two further charges, that of the theft of certain goods and other things and that of having burglars tools in his possession.

The meeting of the hockey club, which was to have taken place last night, has been postponed until next Tuesday evening, when it is hoped a large number will be present. The place and hour of meeting will be announced later.

At a business meeting in the Baptist church last evening it was decided to further enlarge the building by another wing on the street side. This, it is hoped, will supply the much needed space until such time as a new building can be erected on the newly acquired property on Second street. The work will be commenced immediately.

A woman from Martinique was played to a large house last night by the Clara Mathes Company. The different characters all took their parts exceedingly well, there not being a weak part in the whole play. Perhaps no company has drawn such large audiences as has this one. The company will conclude their visit to Edmonton this evening when they will play The Resurrection. They leave Edmonton on Saturday for Calgary where they play four nights before proceeding west.

SUPREME COURT

Many Interesting Criminal Cases Were Discussed Yesterday.

Supreme court was continued yesterday afternoon. The King vs. Tyson case was proceeded with. Tyson is charged with breaking into Mrs. Bone's house and breaking and destroying furniture, and also with stealing a cow, saddle and other articles.

The following story of the case was brought out in Crown Prosecutor McDonald's examination of Mr. Emily Bone, who is a woman at present of Rabbit Hills, but formerly of Henryville, Quebec. Mrs. Bone has four children. The prisoner had threatened to kill her (Mrs. Bone) and had demanded money from her. Enraptured at this she had stayed at Walter Scott's house on a certain Wednesday night. In company with one of the Scott boys she went over to her house the next morning and found Tyson there, just outside the door. He (Tyson) ordered her to leave, saying that he was not there. Scott and the woman then left and Mrs. Bone came in to consult the magistrate in Strathcona. He sent a Northwest Mounted Policeman to her house at Rabbit Hills. Mrs. Bone accompanied the policeman, and arriving at the house, they found the gate and fence broken down, the door broken open and the store and nearly all the furniture smashed. Besides this there were papers and other valuables missing. Mrs. Bone declared that all of this property belonged to her and her alone.

In the cross examination of Mrs. Bone by J. C. F. Bown, evidence was produced to show that the prisoner (Tyson) while in Quebec, had been granted power of attorney for Mrs. Bone by herself. They had quarrelled but had let Quebec together and came as far as Medicine Hat together. Tyson had gone on to Strathcona, from which place he wrote to Mrs. Bone at Red Deer. She came on to Strathcona and the place at Rabbit Hills was rented. Before leaving Quebec the sum of \$850 was paid over to Mrs. Bone by the prisoner.

The questioning of the prisoner Tyson by J. C. F. Bown produced evidence to show that a number of the articles he had taken rightfully belonged to him. The prisoner admitted smashing the furniture and admitted taking the cow and saddle. He stated that he had committed these acts while intoxicated, but denied having used threatening language to Mrs. Bone. He had offered to pay for all the loss and destruction he caused. This concluded the evidence. This morning His Worship Judge Scott passed sentence on the prisoner, releasing him on suspended sentence. The prisoner in the meantime having paid over to Mrs. Bone two hundred dollars as a restitution for the destruction he had committed.

The next case was that of a half-breed by the name of Anderson, who appeared before His Worship Judge Scott for sentence. Anderson had stolen a watch in a hotel in Fort Saskatchewan and afterwards sold it. He was sentenced to two years in Stony Mountain penitentiary.

Geo. Lepage was next summoned before His Worship for sentence. It will be remembered that Lepage had committed assault on his uncle some time ago by striking him over the head with a gun. For this offence he had been sentenced to three months in the guard room at Fort Saskatchewan. When he had served six weeks he succeeded in breaking jail and it was ten days before he was recaptured, west of Wetaskiwin. He pleaded guilty and was sentenced to one year in Regina jail. While out he had broken into a farmer's house and stolen a suit of clothes. For this offence he was yesterday sentenced to six months additional in Regina jail, making his whole sentence eighteen months.

Both Anderson and Lepage leave for Stony Mountain and Regina respectively on Saturday morning next.

Tomorrow is the last day for the ten per cent rebate on this year's taxes.

The new sidewalk has been completed from the Methodist church corner to the Edmonton hotel.

The fire brigade will hold a church parade on Sunday morning, November 1st, at 11 p.m. to the Presbyterian church.

The funeral of the two infant children of Mr. and Mrs. Boyle took place yesterday afternoon at the Edmonton cemetery. The pall-bearers were Messrs. W. T. Henry, G. T. Bragg, J. T. Blowey and J. W. Morris. Rev. D. G. McQueen conducted the services at the house and at the grave side.

Methodist Anniversary Services Very Successful.—Fort To Get Another Bank

Special to the Bulletin.
Fort Saskatchewan, Oct. 29.—The first anniversary of the Methodist church which was celebrated last Sunday and Monday by special services, was a great success. Large crowds attended all the services. Rev. Huettis and Olegwin were the preachers on Sunday. At the public meeting on Monday evening, besides vocal and instrumental selections and short addresses by the pillars of the church, Reverends Forbes, Huettis and Finlay delivered interesting addresses. Rev. A. R. Aldridge, to whose energy, zeal and faith the well equipped church is a monument, gave the statement of the building fund, showing how well the finances were turning out. About two hundred dollars was received at those services.

Wm. Wilkin paid Edmonton a business visit on Tuesday.

The flour mill here is running quite regularly again.

Chas. Gordon, of Strathcona, is in the Fort this week.

The rumor is again afloat that another bank is about to be established here.

Many people from Edmonton took advantage of the splendid roads and fine weather and drove down to see our growing town on Saturday and Sunday.

NORTHWEST TERRITORIES ASSEMBLY

Herald.
Regina, N.W.T., Oct. 28.—The second session of the present legislative assembly of the North-West Territories opens on Thursday. The session will probably be a short one.

The chief business will be to vote supplies to carry on the affairs of the territory.

A bill respecting municipal organization will also be introduced. This is a measure which was hinted at during last session and to which much attention has been directed by Premier Hamilton during the recess. While the particulars of the proposed bill have not been made public, it is expected they will provide for the whole Territories being divided into counties, with a simple and inexpensive system of administration, which will leave the management of local affairs, such as roads, fire guards, etc., in the hands of the people themselves, instead of the authorities at Regina.

Several changes in the game ordinance will come before the house, including probably the prohibition of spring shooting.

TURNS MEET WITH REVERSE

Constantinople, Oct. 26.—It is now announced that the military commandant, Ahmet Pasha, the governor of the province of Azir, on the Red Sea coast of Arabia, was killed as the result of a revolt of two Arab tribes against the imposition of a new cattle tax and that about a thousand Turkish troops were killed or wounded. The Turkish force was routed.

About fifteen battalions of troops have been dispatched thither. General Hady Pasha has been appointed commander in chief and governor of Azir.

MORINVILLE

D. Mathieson and E. Chevigny came back from Leduc on Tuesday. F. Perron, of St. Albert, is spending his holidays at the Morinvilla hotel.

X. Gauthier is surveying a part of his farm adjoining the village into town lots. Ten of these lots have already been sold. We have good hopes for our village since we heard that a machine shop will be built next summer to repair all kinds of machinery.

The cheese factory has on hand about ten thousand pounds of first-class cheese that they put up for sale. Farmers are very well satisfied with the pay they received for their milk during the summer and many of them proposed to do so for their herds of cows for next summer.

The Morinvilla Milling company will have their mill in operation next week.

Many loads of bran and shorts went to Edmonton this week from the Morinvilla Milling Company.

The Alaskan Award

according to the majority of the Canadian press is a gross miscarriage of justice. If so it is an object lesson. Canada must be prepared to look after her own interests.

Past history also proves to Edmontonians that they must look to themselves to improve and build up their city. With concerted action on the part of all good citizens Edmonton's future is assured. But concerted action is necessary. ALL MUST ASSIST. Local industries when their products are equal in quality and price should always receive preference, as these industries are DOING THEIR PART IN SUPPORTING OUR TOWN.

The world moves and so does Edmonton. It is a beehive of industry. It is estimated that about 700 buildings have been erected this year and no sign of a let up. Building operations were carried on all last winter and will be all this winter. The future of Edmonton is assured. Nothing can hinder or keep it back.

The long days of waiting and uncertainty are over. "There is a tide in the affairs of men, which, if taken at the flood, leads on to fortune." The flood tide is upon us. Now is your opportunity. No time like the present. Don't forget **October 19th** the day on which we begin, the sale of lots on

ALL ROADS LEAD TO EDMONTON

EDMONTON is the centre of attraction of the North-West Territories today. No place in the west occupies such a unique and enviable position. It being the centre of the largest and richest agricultural and mixed farming district in Canada.

The future coal supply depot for the Territories, hence the future manufacturing metropolis of the country. The coming great railway centre of the west. The gateway to the great agricultural, fur and timber country to the north and the distributing point for an area exceeding 900,000 square miles. The extent and far reaching trade of Edmonton is a source of wonderment and surprise to visitors but is only an indication of what it is going to become. Edmonton is to-day one of the greatest distributing points of the world, forwarding goods over an area six times the size of the British Isles.
